## Le jeu est un élément essentiel de la vie

Huit écoles européennes s'unissent autour d'un projet pédagogique à travers le jeu.

Le fair-play, la communication, l'esprit d'équipe sont des valeurs importantes de la vie que nous voudrions encourager tout au long de ce projet. Notre objectif principal est de former des citoyens européens qui respecteront ces valeurs dans la société.

## Play as the ground for life

For this Comenius project, eight European schools have joined to design inclusive didactics to boost positive relationships through games.

Fair play, communication, team work and shared objectives are the crucial elements in all the games to be played. The main goal to be achieved is to form European citizens who respect these values in society.

## Играта е в основата на живота

Осем европейски училища се обединяват около един образователен проект за играта.

Честни игри, комуникации, работа в екип и общи гледни точки са най-важните елементи на всички игри, които ще бъдат играни. Най-важната цел, която ще бъде постигната е формирането на европейски граждани, които уважават ценностите на обществото.
